Attachment 14 Second Public Comment Period

The following draft Attachment 14 Performance Standards - 2022 Plan Year Amendment is open for comments until February 4, 2021.

Please use the “Comment Template” attached to the email notification of this subject to record comments and submit to PMDContractsUnit@covered.ca.gov by February 4, 2021.

All documents will be posted to the Plan Management HBEX webpage: https://hbex.coveredca.com/stakeholders/plan-management/.

Attachment 14. Performance Standards

During the term of this Agreement, Contractor shall meet or exceed the Performance Standards identified in this Attachment. For those Performance Standards with Penalties, Contractor shall be responsible for payment of penalties for Contractor's failure to meet the Performance Standards in accordance with the terms set forth in Section 6.1 of the Agreement and this Attachment 14. Contractor shall submit the data required by the Performance Standards by the date specified by Covered California. Some of the data required applies to a window of time. Some of the data represents a point in time. This measurement timing is described in more detail in the sections within this attachment.

Contractor shall monitor and track its performance each month against the Performance Standards and provide Covered California with a detailed Monthly Performance Report in a mutually-agreeable format. Contractor must report on Covered California business only and report Contractor's Enrollees in Covered California for the Individual Exchange separate from Contractor's Enrollees in Covered California for Small Business. Except as otherwise specified below in the Performance Standards Table, the reporting period for each Performance Standard shall be one calendar month. All references to days shall be calendar days and references to time of day shall be to Pacific Standard Time.

If Contractor fails to meet any Performance Standard in any calendar month (whether or not the failure is excused), Covered California may request and Contractor shall (a) investigate and report on the root cause of the problem; (b) develop a corrective action plan (where applicable); (c) to the extent within Contractor's control, remedy the cause of the performance failure and resume meeting the affected Performance Standards; (d) implement and notify Covered California of measures taken by Contractor to prevent recurrences, if the performance failure is otherwise likely to recur; and (e) make written recommendations to Covered California for improvements in Contractor's procedures.

As specified below, certain Performance Standards are subject to penalties. The total amount at risk is equal to ten percent (10%) of the total Participation Fee paid by Contractor in accordance with the terms set forth in Section 5.1.3 of the Agreement for the Individual Market (At-Risk Amount). Penalties will be determined on an annual basis at the end of each calendar year, based on Contractor's final year-end data for each Performance Standard. The amount of penalty will be reduced by any credit Contractor receives. In no event shall the total credits to Contractor exceed the total amount of the performance penalty owed to Covered California by Contractor.

Covered California will provide the Contractor an Initial Contractor Performance Standard Evaluation Report, covering preliminary year end data available, which Covered California will send to Contractor for review no later than February 28th of the following calendar year.

When the results of the Performance Standards are calculated, Covered California will provide Contractor with a Final Contractor Performance Standard Evaluation Report, along with an invoice, within 60 calendar days of receipt of the Performance Standards data requirements. Contractor shall remit payment to Covered California within 30 calendar days of receiving the Final Contractor Performance Measurement Evaluation Report and invoice.

If Contractor does not agree with either the Initial or Final Performance Standard Evaluation Report, Contractor may dispute the Report in writing within thirty (30) calendar days of receipt of that Report. The written notification of dispute shall provide a detailed explanation of the basis for the dispute. Covered California shall review and provide a written response to Contractor's dispute within thirty (30) calendar days of receipt of Contractor's notification

of dispute. If the Contractor still disputes the findings of Covered California, Contractor may pursue additional remedies in accordance with Section 12.1 of the Agreement.

Contractor shall not be responsible for any failure to meet a Performance Standard if and to the extent that the failure is excused pursuant to Section 12.7 of the Agreement (Force Majeure), or the parties agree that the lack of compliance is due to Covered California's failure to properly or timely perform (or cause to be properly or timely performed) any responsibility, duty, or other obligation under this Agreement, provided that Contractor timely notifies Covered California of the problem and uses commercially reasonable efforts to perform and meet the Performance Standards notwithstanding Covered California's failure to perform or delay in performing.

If Contractor wishes to avail itself of one of these exceptions, Contractor must notify Covered California in its response to the performance report identifying the failure to meet such Performance Standard. This response must include: (a) the identity of the Performance Standard that is subject to the exception, and (b) the circumstances that gave rise to the exception in sufficient detail to permit Covered California to evaluate whether Contractor's claim of exception is valid. Notwithstanding anything to the contrary herein, in no event shall any failure to meet a Customer Satisfaction Performance Standard fall within an exception.

The Parties may adjust, suspend, or add Performance Standards from time to time, upon written agreement of the parties, without an amendment to this contract.

Performance Standards and Expectations				
Covered California will create an Annual Report of Performance Standards and Expectations, displaying Contractor's final Plan Year 2022 performance in Performance Standards and Expectations, Standards 1.1 - 1.11, to be posted publicly on Covered California's website. Covered California will continue public reporting of its service level performance metrics.

Health Evidence Initiative (HEI) Data		
Definitions for Performance Standard 2.1 Incomplete: A file or part of a file is missing, or critical data elements are not provided. Irregular: Unexpected file or data element formatting, or record volumes or data element counts / sums deviate significantly from historical submission patterns for the data supplier. Late: Data is submitted on a date later than the supplier's agreed-upon submission date (i.e., between the 5th and 15th of the month) plus five business days. Non-Usable: HEI Vendor cannot successfully include submitted data in its database build, or HEI Vendor's or Covered CA's analysts determine that critical components of the submitted data cannot be used or relied upon in subsequent analytic work.		
Performance Standard		**Performance Requirements**
2.1	**HEI Data Submission specific to Attachment 7, Section 15.01 Data Submission.** 10% of At-Risk Amount.	Expectation: Full and regular submission of data according to the standards outlined in the Attachment 7 citations. The Contractor must work with Covered California and HEI vendor to ensure accuracy of data variables on an ongoing basis. Performance Levels: 1. Incomplete, irregular, late or non-useable submission of HEI data: 3% penalty of total performance requirement. Failure to submit required financials (e.g., allowed, copay, coinsurance, and deductible amounts) or dental claims covered under medical benefits constitutes incomplete submission. Full and regular submission according to the formats specified and useable by Covered California within 5 business days of each monthly reporting cycle: no penalty.

		2. Inpatient facility medical claim submissions for which the HEI Vendor cannot identify / match at least 95% of admissions to its Master Provider Index: 3% penalty of total performance requirement. Submission meeting or surpassing the 95% identification / matching threshold: no penalty. 3. Professional medical and Rx claim submissions with provider taxonomy or type missing or invalid on more than 1% of records: 2% penalty of total performance requirement. Submission meeting or surpassing the 99% populated and valid threshold: no penalty. 4. Enrollment or professional medical claim submissions with PCP NPI ID missing or invalid on more than 1% of records: 2% penalty of total performance requirement. Submission meeting or surpassing the 99% populated and valid threshold: no penalty.

Quality, Network Management and Delivery System Standards

The Parties may adjust, suspend, or add Performance Standards from time to time, upon written agreement of the parties, without an amendment to this contract.

90% of At-Risk Amount for Measurement Year 2022 Covered California and Contractor shall work together to periodically review and adjust the specific measures consistent with any applicable Federal regulations. For Performance Standard 3.3b, mutually agreed upon performance goals will be pre-determined and documented in Contractor's Quality Improvement Strategy prior to the start of the performance year.

QHP Issuers are required by CMS annually to collect and submit third-party validated QRS measure data, for the previous measurement year that will be used by CMS to calculate QHP scores and ratings. These measures will be determined by CMS. Covered California will publicly report the QRS scores and ratings that are produced by CMS and reserves the right to produce additional QRS scores from the CMS data for public release. QRS scores are based on surveys of both individual market and Covered California for Small Business Enrollees for those products offered in both marketplaces. Performance penalties will be calculated using the PMPM for individual market only. The Contractor will still be subject to an assessment of penalty or no penalty for Measurement Year 2021 (Plan Year 2023 QRS) if Covered California issues a rating score and CMS does not issue a rating score (as was done for Measurement Year 2019 (Plan Year 2021 QRS). However, if neither Covered California or CMS issues a rating score, then the Contractor will not be subject to an assessment of penalty or no penalty.

3.3a) Reducing Health Disparities – Attachment 7, Article 1, Sections 1.01 and 1.02 – 7.5% of At-Risk Amount

Contractor will meet the target of eighty percent (80%) enrollee self-reported race or ethnicity data for Covered California Enrollees by year-end 2022. Contractor must demonstrate compliance by including valid race and ethnicity attributes for at least 80% of Covered California Enrollees in its Healthcare Evidence Initiative (HEI) data submissions.

Please note the following specifications:

a. See list of acceptable standard values in separate methodology document.

b. "Other", "mixed", "multi-racial", etc. values do apply toward meeting the 80% race and ethnicity thresholds.

c. "Null", "blank", "missing", "unknown", "not reported", "decline to state", etc. values DO NOT apply toward meeting the 80% race and ethnicity thresholds.

3.4 Primary Care – Attachment 7, Article 7, Section 7.04 - 10% of At-Risk Amount

Contractor describes a payment strategy for adoption and progressive expansion of primary care payment models that provide the revenue necessary for Primary Care Providers (PCPs) to adopt accessible, data-driven, team-based care. The Contractor must progressively expand the number and percent of primary care clinicians paid through the HCP LAN APM categories of population-based payment (Category 4) and alternative payment models built on fee for service structure such as shared savings (Category 3) and meet a minimum threshold by end of Plan Year 2022.

Data from Measurement Year 2020 providing the percent of PCPs paid under the new payment strategy will be compared to Measurement Year 2019 data. Data from Measurement Year 2021 providing the percent of PCPs paid under the new payment strategy will be compared to Measurement Year 2020 data.

3.6 Appropriate Use of C-Sections – Attachment 7, Article 10, Section 10.04 – 5% of At-Risk Amount

Contractor shall adopt a payment methodology progressively to include all contracted physicians and hospitals serving Enrollees, such that by year end 2022, payment is structured to support only medically necessary care and there is no financial incentive to perform C-sections. Smart Care California has outlined three payment strategies to align payment with medically necessary use of C-sections:

i. Adopt a blended case rate payment for both physicians and hospitals;
ii. Include a NTSV C-section metric in existing hospital and physician quality incentive programs; and
iii. Adopt population-based payment models, such as maternity episode payment models.

Contractor shall report on its strategy and progress on adoption of the payment strategy annually.
